THE LOWER RAPPAHANNOCK.

To Remove a Corner-Stone—Several Persons Poisoned.

IRVINGTON, VA., October 26.—(Special.)—The members of Lancaster Union Masonic Lodge, whose brick building at Lancaster Courthouse was recently destroyed by fire, will remove the corner-stone from the wrecked wall on Thanksgiving Day (November 24th) with imposing ceremonies. The building was erected and corner-stone laid fifty years ago, and old inhabitants say there is a trinket of rare interest in the latter.

Mr. and Mrs. W. S. Diller and two children, residing near Rehoboth, in Northumberland county, developed symptoms of poison on Monday night, after drinking tea. The beverage is supposed to have caused the trouble, as several children who did not drink it were not affected. Three physicians labored with the victims all night, and their condition is now one of improvement.

Many rabbits were this week killed along the Rappahannock for market, but the hunters were disappointed in finding that the Baltimore steamer would not take them. The Maryland laws prohibit their being killed or had in possession this early in the season.

The delinquent land operators have just completed their lists of applications in the Northern Neck, and have moved over to the county south of the Rappahannock river.

Lawson-Hall Camp, Confederate Veterans, held a big rally on Tuesday, at Lancaster Courthouse.

CHARLOTTESVILLE.

Was Not the Man—Interest in Woodrow Wilson.

CHARLOTTESVILLE, VA., October 26.—(Special.)—Edward Barber, a negro youth of Gordonsville, was arrested yesterday on suspicion that he was Charles Lockhart, accused of the murder of Hilary Barnaby, near Milton, Saturday. Barber was given a hearing before Justice N. B. Snead to-day, and the witnesses brought here to identify him declared unhesitatingly that he was not the man. He was discharged, to get back home as best he could.

The murdered man was treasurer of Rose Hill (colored) church, near Milton. Lockhart had been a member of the church, and had been a member of the small change of recent collections in notes.

Much interest is felt here in the Thomas lectures to be delivered at Richmond College by Professor Woodrow Wilson, Princeton. It has been a great while since Professor Wilson delivered a notable address at the University of Virginia. When yet a student of this institution, he gave promise of the great ability which he has since displayed. He won the orator's medal in the Jefferson Society, and at the commencement made an address which the late Judge William J. Robertson said was the best speech he had ever heard.

Professor Wilson has an enthusiastic admirer of the late Professor John B. Minor, under whom he studied law.

BOYDTON.

A Successful Entertainment—Personal and Political.

BOYDTON, VA., October 26.—(Special.)—Polk Miller, of Richmond, the universally popular delineator of "times before" war," gave a most successful entertainment here last night to a large crowd for the benefit of Popular Church, Baptist persuasion, near the Roanoke river. Mr. Miller, always popular with the community, cleaned new laurels last night, and took in a neat little sum for the church. He has been spending several days with Colonel William Townes, at Cascoville, and it is said there are a good many less live birds in that neighborhood than there were before Mr. Miller's visit.

Hunters say there are more birds in this section than ever known before, but that a great many coveys are still too small to shoot. They are heard whistling in the corporate limits every day.

Hon. R. T. Thorp, Republican candidate for Congress, is at home. He is sanguine of a large white vote in this county, and a big majority.

The warm and rainy weather of to-day makes a good tobacco season, and large receipts are looked for in the next ten days.

ASHLAND.

Dr. Henry Carter Better—A Fire Threatened.

ASHLAND, October 26.—(Special.)—Dr. Henry R. Carter, of the army, who is ill here at his parents' home, is somewhat better to-night, though he is extremely sick with typhoid fever.

A large lamp fell this evening in the store of L. E. Meyer, and for a few moments threatened trouble. It was thrown out, however, before any serious damage was done.

Fire in Crew.

CREWE, VA., October 26.—(Special.)—At 1:30 o'clock this evening the residence of Mr. W. A. Cook, on the corner of Maryland avenue and Carter street, was discovered to be on fire. By the promptness of the Fire Department the house was saved, but the furniture was considerably damaged. It was insured.

St. Albans Won.

EAST RADFORD, VA., October 26.—(Special.)—St. Albans defeated the local consolidated foot-ball team here to-day, by the score of 6 to 0. The ball was never anywhere near St. Albans' goal.

The weather is very cold this afternoon.

Dr. George S. Bonner, of this place, will leave to-morrow with his sister, Mrs. Alexander Crizer, for Baltimore. She goes there to have performed a successful operation in Johns Hopkins Hospital.

A few days ago Mr. H. T. Nelson, trustee for the defunct Albany Bank, here, paid an installment of 20 per cent. to depositors. It is said a number of depositors refused to accept the 20 per cent. tender. Litigation over the failure seems to be meditated by a number of depositors.

RHEUMATISM FEARFULLY.

So Badly That She Had No Control of Her Hands.

Completely Cured by Dr. Greene's Nervura, Which She Pronounces "The Prompt Remedy of the Age for Curing Rheumatism and Neuralgia."

Three years ago I was very severely troubled with rheumatism, so badly that I had no control of my hands. I tried several kinds of medicine without good results, in fact I grew worse. My sister knew of Dr. Greene's Nervura and as fast as one bottle was used up she brought another, until I had used nine bottles, when I was entirely cured, and I have had no return since.

"I am fully convinced that Dr. Greene's Nervura blood and nerve remedy is the foremost remedy of the age for rheumatism, and for toning up the system and purifying the blood. I heartily recommend the remedy."
